#### General Information

|                     |                |
|---------------------|----------------|
| <b>Length</b>       | : 87.8 m       |
| <b>Beam max</b>     | : 18 m         |
| <b>Depth</b>        | : 8.25 m       |
| <b>Draught</b>      | : 7.4 m        |
| <b>Displacement</b> | : 6.400 tonnes |

#### Performance

|              |            |
|--------------|------------|
| <b>Speed</b> | : 16 Knots |
|--------------|------------|

#### Accommodation

|                |                   |
|----------------|-------------------|
| <b>Crew</b>    | : 45 Crew Members |
| <b>Experts</b> | : 20 Survivors    |

### Technology & Combat Systems

#### Propulsion & Energy Systems

|                   |                     |
|-------------------|---------------------|
| <b>Propulsion</b> | : BERG (BCP 1230 F) |
| <b>Engines</b>    | : Diesel Electric   |
| <b>Power</b>      | : 4x3500 kW         |

#### Navigation

|                 |                          |
|-----------------|--------------------------|
| <b>Nautical</b> | : Sperry Marine          |
| <b>Eqp</b>      | : KONGSBERG (K-Pos DP-2) |
